ȘI CERCETĂRII

Nr. 4149 / 18. 11. 2025

CĂTRE,
UNITĂȚILE DE ÎNVĂȚĂMÂNT PREUNIVERSITAR DIN JUDEȚUL BUZĂU

ÎN ATENȚIA DOAMNEI / DOMNULUI DIRECTOR
**Ref.: ERASMUS+ KA240 – PARTENERIATE EUROPENE PENTRU DEZVOLTAREA ȘCOLARĂ**

Agenția Națională pentru Programe Comunitare în Domeniul Educației și Formării Profesionale (A.N.P.C.D.E.F.P.) a publicat Ghidul Programului Erasmus+ 2026, document de referință pentru instituțiile care intenționează să depună proiecte pentru diferitele acțiuni ale programului Erasmus+ (https://www.erasmusplus.ro/documente-candidatura), în care regăsim **o nouă actiune KA240 – European Partnerships for School Development** (Parteneriate Europene pentru Dezvoltarea Școlară).

Parteneriatele europene pentru dezvoltarea școlilor **vor sprijini inovarea strategică și schimbul de practici între actorii cheie din sistemele de învățământ școlar**: autoritățile școlare, organismele de coordonare, școlile de la nivel preșcolar, primar și secundar, precum și alte părți interesate, cum ar fi asociațiile de profesori. Acțiunea va ajuta autoritățile școlare **să identifice și să transfere cele mai bune strategii în domenii-cheie, cum ar fi promovarea dezvoltării profesionale continue a cadrelor didactice, creșterea atractivității profesiei de cadru didactic și îmbunătățirea calității predării și formării în general**. De asemenea, proiectele **vor testa și integra metode de predare și programe de învățământ inovato**are, de exemplu în domenii precum competențele de bază, învățarea limbilor străine, valorile europene, educația civică și învățarea despre UE.

# European Partnerships for School Development

## The future of Europe is in the schools of today

**300+** school education organisations

**50** partnerships

**33** countries

**3** years

**1** goal

## What are European Partnerships for School Development?

European Partnerships for School Development are a new Erasmus+ opportunity for cooperation between school authorities and schools from different countries.

The objective of the European Partnerships for School Development is to create structures and capacity to make European cooperation a standard part of school education, opening cross-border learning and learning mobility abroad to many more schools, pupils and teachers.

By enabling more and better **mobility opportunities for pupils and school staff**

By sharing and implementing **best practices between countries**

By improving the **teaching and learning in schools**

## What does a European Partnership for School Development look like?

A European Partnership for School Development is composed of school authorities and schools.

One school authority takes on the role of the project coordinator. The project coordinator must bring along at least two schools from their country.

To form a Partnership, there needs to be at least one or more partner school authority from another country. That partner authority also needs to bring along two schools to the Partnership.

These are the minimum requirements to apply to become a European Partnership for School Development.

Further school authorities and schools from the same countries or other countries can join the Partnership. There is no maximum number of participating organisations.

Each European Partnership for School Development will receive EUR 400 000 for a project over a three-year period.

## What are the key areas for cooperation?

### IMPROVING THE QUALITY OF LEARNING AND TEACHING AT SCHOOL

- **Design and test innovative teaching and learning activities**
- **Collaborative teaching**
- **Peer learning and mentoring for staff members**
- **Teacher substitution and resource management**

### CAPACITY BUILDING FOR CROSS-BORDER MOBILITY AND COOPERATION IN SCHOOL EDUCATION

- **Create supporting structures and expertise for international cooperation**
- **Mainstreaming cross-border activities**
- **Test 'mobility windows'**
- **Recognition of learning outcomes**
- **Recognition of project work**
- **Capacity building through training of school leaders and staff**

## Who can participate in a European Partnerships for School Development?

All general education schools can participate: pre-primary, primary and secondary schools, as well as providers of early childhood education and care.

Other important actors in the school education system, such as teacher associations, parent associations and pedagogical institutes, can join the Partnerships as partners.

All participating organisations must come from countries participating in the Erasmus+ programme: EU-27 + Iceland, Liechtenstein, North Macedonia, Norway, Serbia, and Türkiye. The eligibility rules are defined in each participating country.

You can check your organisations' eligibility on the website of your Erasmus+ National Agency.

### How and when can my organisation apply?

Applications must be submitted by 9 April 2026, 12:00 pm Brussels time via the Erasmus+ opportunities webpage.

### Where can I get more information?

Reach out to your National Agency or find more information on the European School Education Platform
